REGULATIONS FOR PURCHASE OF FLOUR WITH SUBSTITUTES

County Food Administrator Issues Bulletin on the Sale of Flour and Corn Starch.

County Food Administrator W. D. Cochran this morning issued the following bulletin:

Flour
The following are the regulations now in force, governing the purchase of substitutes with wheat flour:

1. Substitutes must be sold concurrently with the sale of flour to consumers; also to public eating places, clubs and institutions, whether holding baker's license or not.

2. Last sentence baking regulation 115 that no regulation requires bakers to purchase substitutes from the same source and at same time that they buy wheat flour, does not apply in the case of public eating places, hotels, etc., though holding baker's license. These must buy substitutes at same place and time as wheat flour.

3. Licensed bakers and dealers, including non-licensed retailers, may buy flour and substitutes separate and from different sources, if desired.

4. The old certificates of retailers that they had purchased substitutes elsewhere, have been discontinued.

5. The only flour certificate to be used this year is that for the use in purchase of flour against home-grown substitute. These certificates will be furnished from the Food Administration, and are known as a cornmeal certificate, permitting the grower of corn to have his own meal ground as his flour substitute.

This last certificate has practically been forced upon the Administration in Kentucky by the great quantity of requests from farmers in the State. The Administration had hoped to avoid it, and expected to do so, as it seemed that even those who grew corn would be willing to purchase with their flour the small amount of substitutes required, and thereby eliminate the difficulty, but the pressure was so strong from other states that it has been determined to issue this certificate in favor of the man who raises his own corn.

Corn Starch
Corn starch actually purchased by dealers on or before September 16th may be sold to bakers and used by bakers as a substitute in making bread.

Corn starch purchased by dealers since September 16th can not be sold and used as a wheat flour substitute either by bakers or by dealers.

One of the particular points for which the Auditors will examine the wholesalers will be to see whether the above rule is complied with.

W. D. COCHRAN,
Food Administrator for Mason County.

Mr. and Mrs. Sam Carpenter and Messrs. Frank Carpenter and John Byron, of the county, are spending the day in Lexington attending the trots.

COIN DROPPED BEHIND MANTLE YEARS AGO FOUND

Half Dollar Dropped Behind Mantle by Mr. Charles D. Pearce When He Was But a Lad Is Returned to Him By C. & O. Ticket Agent.

About fifteen years ago the late Mr. Charles Pearce, whose home in the West end for years has been used by the C. & O. railroad company as a depot, happened to be in the station waiting for a train when he called Mr. Mosce Humphreys, ticket agent and telegraph operator, and told him that he remembered distinctly that when his son, Mr. Charles D. Pearce, was but a small lad he dropped a half dollar behind the large mantle in one of the waiting rooms. He showed Mr. Humphreys the mantle behind which the coin had been dropped by his son and told the agent that if he happened to be about when the old house was torn down to look there for the coin.

The old Pearce home is now being torn down to make way for the new C. & O. station and yesterday the old mantle behind which the coin was said to have been dropped, was torn out. Mr. Humphreys was there when the workmen removed the large mantle and there in a splendid state of preservation he found the half dollar. The coin was made in the year 1856 but looked almost new.

It happened that Mr. Charles D. Pearce, who is now president of the Louisville Ice Company, is in the city today and Mr. Humphreys has given to him the coin which as a lad he dropped behind the massive mantle.

Mr. Pearce's father fifteen years or more ago remembered distinctly of having given his son the half dollar and of the boy playing about the large fire place, having dropped the coin into a crack from which it could not be recovered unless the mantle was torn down.

It is needless to say that Mr. Pearce prizes the coin highly and he will carry it as a memento of his childhood days in Maysville.

SUNDAY SCHOOL CLASS ELECTS OFFICERS

The members of the Adult Class of the Hillside Sunday School enjoyed a social at the home of Miss Ella Wallace in Third street last night and elected the following officers:

President—Mrs. R. P. Moody.
Vice President—Dave Alkman.
Secretary—Mrs. Lottie Fountain.
Treasurer—Mrs. Henry Crawford.
The president will name the members of the various committees within a few days.

At the close of the business session Miss Wallace entertained the members of the class with games and refreshments were served.

A wife has been received announcing the birth of a son to Mr. and Mrs. Hugh O'Donnell, Jr., of New York City. The boy, Hugh III, is reported as being a fine, husky individual.

BELGIANS AND BRITISH ADVANCE ON 25-MILE FRONT

The Whole of the Flanders Ridge Taken by Allies—10,500 Prisoners Are Counted—Six Battles Raging.

Havre, France, October 5.—The Belgian army, which is attacking with the British on the Flanders battlefield, have advanced nine miles on a twenty-five mile front, the Belgian war office announced today. The whole of the Flanders ridge is now in the Allies' possession. The prisoners captured now total 10,500, while 150 cannon and 600 machine guns and trench mortars have been taken.

London, October 5.—Six great battles are now in progress from Flanders to the Meuse, and the Germans are reeling under blow after blow in positions on the Hindenburg and subsidiary lines which they thought impregnable. The removal of heavy guns by the Germans gives force to the prediction that they intend abandoning the Flanders coast, which has been under a heavy bombardment from Allied guns for the last three days. Between Armentieres and Lens the German retreat has reached a depth of six miles. Allied forces are just six miles from Lille. Prisoners state that the Germans are making preparations to evacuate the entire dune country along the Belgian coast. The country behind the German lines is ablaze everywhere.

No fresh German reserves have been observed anywhere. There are evidences of disorganization, both among the German infantry and artillery, and there are reports of riots among some German units, in which even officers participated.

The piercing of the Bearrevoir line by the British is a serious blow to the Germans. Prisoners say that a new line is being constructed in Valenciennes, and that they had orders to hold on to the last moment to give time to prepare back of it.

Paris, October 5.—Allied forces in Serbia have come into contact with the Austro-Hungarians near Vranje Southern Serbia. Serb forces operating against the Austrians took Pretyz on Thursday.

ELECTION OF OFFICERS

The following officers of Shannon Lodge No. 130 K. of P. were elected Tuesday evening:

C. C.—R. S. Case.
V. C.—E. P. Wiggins.
Pres.—Henry Walker.
M. of W.—John Hitt.
K. R. & S.—R. T. Watson.
M. of E.—A. H. Prather.
M. of A.—Harry Lowe.
I. G.—Leonard Chry.
O. G.—Yancey Jones.

After the election speeches were made by Hon. J. W. Carter, Grand Keeper of Records and Seals, of Lexington, Ky., J. W. Bush, Lexington, Ky., B. H. Greenlee, of Maysville, and Daddy Moore of Widows and Orphans Home, Lexington, Ky.

MANY OHIO PEOPLE HERE TO SEE TROPHY TRAIN

In the very large crowd of people who gathered at the L. & N. depot last night to see the great war trophy train a large number of Ohio neighbors were seen. Many of the Ohio people have a very great interest in seeing Mason county reach her apportionment in bond sales and go over it for they have their bank accounts here and the county is charged with them.

MEETING OF KINGS DAUGHTERS

Mrs. Fred Power, of Aberdeen, will entertain the Kings Daughters of the Episcopal Church on Monday afternoon, October 7th. The members of the society are expected to be at the Ferryboat at half past two o'clock and an automobile will be waiting on the Ohio side of the river to convey them to Sharon, the home of Mr. and Mrs. Power.

MANY CASES OF GRIP REPORTED IN COUNTY

The physicians of the county report a large number of cases of grip in all sections but they have thus far diagnosed none of these cases as Spanish influenza. The physicians give it as their opinion that Spanish influenza is nothing more than a serious case of grip.

FUNERAL SUNDAY

The funeral of Mrs. Elizabeth Hall, daughter of Mr. and Mrs. Horace Yates, whose death occurred at Louisville, will be from the Bethel Baptist Church Sunday afternoon at 2 o'clock with services by Rev. Jackson, the pastor. Burial will be in the Maysville cemetery.

COUNTY MORE THAN HALF WAY TO QUOTA

Only Small Purchases of Bonds Are Reported by Local Banks Today—Much Work To Be Done Tomorrow.

While approximately \$20,000 worth of bonds were sold last night at the Trophy train these cannot be actually counted by the Mason county committee until the pledges are signed or the money has been placed in the banks, for this reason the whole \$20,000 has not yet been counted in the county's total.

Local banks today report no very large subscriptions. All of the banks report, however that during the day they have sold quite a number of the small bonds and while the total for the day had not been figured at press time, the committee is certain that the county has reached the \$400,000 mark—just one half of the county's goal.

It is expected that tomorrow will be a big day in this county and that at the close of business Monday the committee will have a very large sum to report for the two days' work.

ARRANGING FOR UNION TEACHER TRAINING CLASS

Interesting Meeting of Sunday School Teachers Held Last Night at Christian Church to Plan for Union Class.

For some time the need of a Union Teachers' Training Class for the Sunday School teachers of this city has been felt and despite the fact that the War Trophy Train attracted many, there was a very good attendance at the meeting held last night for the purpose of erecting interest in the organization of such a class.

After discussing the matter thoroughly the matter of the course of study, etc., was left to an Executive Committee composed of the pastors of the city who will meet sometime in the near future.

Another mass meeting will be held next week, probably on Friday night when some definite step will be taken toward organizing the class.

AUTOMOBILES MAY BE USED TO SELL BONDS

The Fuel Administration, it will be remembered, has released the Gasolineless Sunday order, to those who are working for the sale of Liberty Bonds and every bond salesman in the county is urged to use Sunday for the sale of bonds. It is expected that here will be several automobiles out tomorrow.

COURT REOPENS TUESDAY

The Mason Circuit Court will reconvene on next Tuesday morning. There are only a few cases to be disposed of before court will adjourn. Judge Newell will probably act on the motions and grounds for new trials now on file for his disposition and will sentence the prisoners who are in jail awaiting sentence of the court.

FARMERS HOLD MEETING

A number of farmers from all parts of the county who have been appointed as an Agricultural Board are holding a meeting this afternoon at the Court House and will consider the matter of employing a County Agent for the next year.

Mr. Frank Arnold, aged 37, of this county, and Miss Lucy Layton, aged 27, of Fleming county, were married here this morning by Rev. A. F. Stahl, of the Christian Church. It was the third venture for both parties.

HUNDREDS MAY BE KILLED IN T. N. T. EXPLOSION

Only 101 of 2,000 Employees Accounted For in Great New Jersey Shell Loading Plant.

Perth Amboy, N. J., October 5.—Nineteen hundred persons may be dead in the T. A. Gillespie shell loading plant explosion at Morgan, N. J.

With the flames still raging at 10 o'clock, only 101 of the 2,000 employees at work when the first explosion occurred have been accounted for.

Continued concussions, which shook Perth Amboy like earthquake shocks, have made any search of the ruins for bodies impossible, and firemen are blasting nearby buildings in the hope of checking the spread of the flames.

Telephone communication with Morgan was suspended by the repeated concussions and this situation made obtaining of adequate details almost impossible. Military guards were thrown around the plant and all newspapermen were barred from the vicinity of the explosion.

The company's officials were engaged this forenoon in trying almost futilely amid the confusion to determine the whereabouts of the employees. No examination of the ruins has been made. Here and there a body was drawn out. The injured were being cared for in public buildings and at private homes and scores of those who were more seriously hurt were being hurried to hospitals at Elizabeth, Rahway and other towns.

With big explosions still taking place at 10 a. m., shaking surrounding towns, Vice President Yates of the Gillespie company gave out the following statement: "We can not see how it can last much longer. The large magazines of T. N. T. are buried in a bank of the Chesapeake creek and we feel are safe."

There will be a patriotic meeting at Scott M. E. Church next Thursday night at which the County Committee on War Work among the colored people, under the auspices of the State Council of Defense, will be announced. An excellent program has been arranged for the occasion and will be published later. All mothers and fathers have boys in the service and those having purchased and those expecting to purchase Liberty Bonds are urged to attend this meeting.

THIRD STREET DRUG STORE

MR. JOHN KIRK DIED TODAY AT MT. OLIVET

Prominent Stock Dealer Dies at the Home of His Daughter in Robertson County Capital.

Mr. John Kirk, one of the best known men in Mason county, died at an early hour this morning at the home of his daughter, Mrs. H. S. Claypool at Mt. Olivet where he has been ill for some time.

Mr. Kirk was 79 years of age and for many years was a resident of the Washington neighborhood. During his long life he was engaged in the stock and cattle business to quite an extent and has purchased stock in every nook and corner of Mason county. Fewer men had a better acquaintance throughout the county than Mr. Kirk and fewer had more friends than he.

Although always a resident of the Washington neighborhood, he recently moved with his daughter to Mt. Olivet.

He is survived by his daughter, Mrs. Claypool, and two sons, Messrs. Ben Kirk, of Missouri, and Bland Kirk, of this county.

MERCHANTS LINE UP BEHIND BIG TOBACCO FAIR

The committee which has been canvassing the business men to learn whether they want the Corn and Tobacco Fair again this winter have found that the big percentage of the business men are "strong" for it and urge that it be made bigger and better than ever. This committee will make its report to the managing committee in a few days when plans will be laid for the next annual show.

FUNERAL OF SOLDIER SUNDAY AFTERNOON

The body of Claude Pabst, Mason county soldier, who died this week at Camp Zachary Taylor, arrived at the home of his parents in Dover last night. Funeral will be from the home Sunday afternoon at 2 o'clock with services by Rev. H. C. Calkins and Rev. D. W. Nicholas.

LOCAL POSTMASTER'S APPOINTMENT CONFIRMED

Senate Confirms the Appointment of Mr. M. F. Kehoe as Postmaster of Maysville for Another Four Years.

Postmaster M. F. Kehoe yesterday received a telegram from Washington announcing that the Senate had confirmed the recent appointment made by President Wilson making him postmaster of Maysville for another four year term. Mr. Kehoe will immediately qualify for his new appointment and the local post office will be managed in the same efficient manner for the next four years that has marked its management during the past four year period.

The telegram from Washington says:

Mr. Mark Kehoe, Maysville, Ky.
Your nomination as Postmaster at Maysville, Ky., has been confirmed by the Senate.

GEORGE B. MARTIN.
Considering the extra duties placed upon the post offices of the country and the Maysville post office in particular, the past term has been one of much efficiency and the announcement of Mr. Kehoe's reappointment and its confirmation will be very good news to the patrons of the office.

Mr. Kehoe's many friends join us in extend to him congratulations.

NEXT SATURDAY IS LIBERTY DAY

Next Saturday—October 12—is Liberty Day throughout the land and special celebrations are being planned for every city in the land. In Maysville Mayor Russell has arranged for a special celebration in honor of our Italian allies and a special committee is now working up plans for quite a celebration which will be announced later in the week.

Mr. and Mrs. Oral Jones and son, Claude, of the county, are in Lexington, today attending the trots.

SEVERE WINTER COMING?

THE COLDEST WINTER SINCE THE CIVIL WAR, WITH DRIVING SLEET STORMS, HEAVY SNOWS, COLD WAVES AND BLIZZARDS, IS PREDICTED BY PROF. A. N. SNIDER, A GEORGIA WEATHER PROPHET. THE PROFESSOR IS ENTITLED TO HIS GUESS, BUT HE DOESN'T KNOW ANY MORE ABOUT NEXT WINTER AT THE PRESENT TIME THAN THE REST OF US.

WE HOPE HE'S WRONG, BUT THERE'S NOTHING LIKE BEING READY. NOW'S YOUR TIME TO PROVIDE A

THE HOME OF QUALITY CLOTHES

Here's How the Real Americans Can Best Demonstrate Their Patriotism!

For those who cannot join the colors the next best way is to join heart and soul in every patriotic movement in support of the government.

By always helping when help is needed—by always giving moral and substantial support to all war activities to make extreme sacrifices if need be—to subscribe freely to the fullest extent for all Government loans.

All true Americans are again called upon to prove their patriotism by investing in Liberty Bonds. While the boys in khaki may be required to make the supreme sacrifice, you are only asked to lend your money to your Government so that those "over there" can be provided with the proper food and clothes and munitions of war.

Prayer meeting Thursday 7:30 p. m.

All these services will begin and close promptly on the hour. You are invited, and will be cordially welcomed.

B. B. BAILEY, Pastor.

Third Street M. E. Church.

The new pastor Rev. Worth S. Peters will preach tomorrow at 10:45 a. m. and 7:30 p. m. Every member of the church should be present on this the first Sunday of the new conference year. Friends cordially invited.

Miss Lula McClellan the talented pianist, of Middletown, Ohio, will play at both services.

Sunday School at 9:30 a. m. The annual promotion of pupils will be made. The school is well organized and prepared for a great year's work.

Epworth League at 6:45 p. m. led by Mrs. J. H. Dodson.

A cordial welcome awaits all who attend these services.

IN YEARS TO COME

Down the long years to come thousands of mothers and wives and sweethearts will have only the memory of their loved ones as they gaily marched away to compensate them for an irreparable loss. For thousands of these brave ones will fill nameless graves on the sunny slopes of France. Others will sleep in the prison cemeteries of Germany. And some will strew with their bleaching bones the coral-etched bottom of the deep.

And many of these victims to be are with us now, our friends, our daily companions, our cherished comrades in the everyday business of life.

So none of us can safely affect to

Catarh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarh Medicine is what produces such wonderful results in catarh conditions. Send for testimonials, free.

HANK'S FILOSOFY

Had some of the fellows we know been living when the Bible was written Ananias wouldn't have had a ghost of a show to get his name in the paper.

When a fellow tries to make you believe he's the whole show you'll be safe in betting he's only carrying water for the elephants.

There's not a thing yellow about khaki.

Mason county has 1200 sons in the service of Uncle Sam—that's just 1200 reasons why every person in Mason county should own one or more Liberty Bonds.

My friend Cline O'Neil from Augusta makes good as a Liberty Bond seller just as he did at rooting for the old Augusta baseball club.

Neither Colonel "Bob" Hirschfeld's world beater wooden sole shoes or Matt Hennessey's patent shoe shield are recommended for cold feet.

A boys' band may be all right provided the horns are kept locked up except at practice time.

Before you criticize a fellow it's a pretty good idea to always stop and think if you can do better than he's doing. Be honest with yourself and if you can't improve on him—don't criticize.

It has been said that the best advertisement is your competitor's knock but doubly lucky is the fellow who gets on his competitor's front page in black face type.

Some of our great American forefathers were in evidence at the Trophy train last night.

Any fellow who did the Trophy train last night can now sympathize with a sardine.

GETTING UP IN THE MORNING

Getting up at three o'clock o'clock in the morning was the toughest feature of his job in France, declares Walter C. Plank, a Y. M. C. A. man who has just returned to his home in Jeromesville, O., after ten months' service overseas. From other sources it is learned that most of the time Plank was in France he was in "Y" huts and dugouts under almost incessant shell fire. But he feared the German Big Bertha less than he did his own Big Ben.

"How I used to groan when the call came," says Plank, "because I never was an early bird by choice." But when I thought of those younger men soon to come in from their long night of trench duty I jumped out from under the covers and into my clothes and by the time they arrived at the "Y" hut the coffee and chocolate were steaming on the stove.

If the American people could see the satisfaction rendered the fighting men by this simple service they'd dig twice as deeply into their pockets when comes the November United War Work Campaign drive.

If the Turkish Sultan's visit to Vienna for the purpose of reading the answers received by Baron Buriak he will have plenty of time to catch the next train home—Anconda Standard.

BUY LIBERTY BONDS

live only in today. We must think of the morrow, of the years that are to come. Of the burdens that face all of us. For with us all it is the future that holds most of what will most intimately affect us, our individual and collective welfare, our peace of mind, our ultimate happiness.

None of us can afford to face the future with the feeling that we have failed in our duty in the greatest crisis of our lives and of our country. We dare not face the world, our friends, our families, feeling down deep in our hearts that we have proven false to God and country and even more to the men who have gone over yonder into the hell that awaits them along the battle front, to lay down their lives that we may live on in selfish security and comfort.

We must march up to the line of duty and do our full share. We must sacrifice where sacrifice is demanded; suffer if need be; and economize to the limit that our substitutes along the firing line may have every essential to foreful combat.

We must be able to look every stricken mother, wife, sister or sweetheart in the eye without quail of conscience and with the full knowledge that we did all in our power to avert her loss.

We must stand by our womanhood as by our country.

God help that man, who when this war is over, must sink across the street at the first glimpse of a widow's weep.

Keep out of this company.

Buy your Liberty Bonds.

WE MUST KEEP SLUGGING

D'Annunzio, the Italian poet, heading a fleet of Italian airplanes, did a graceful thing a few days ago when he flew over Vienna and dropped thousands of printed appeals to the Austrians to take the war situation in their own hands and force an ending of the fighting between these two nations.

As D'Annunzio pointed out in his printed matter it would have been just as easy for the airman to have dropped bombs.

But the difference between the Italian and the German is that the former do not make war upon women and children and old men.

It will be interesting to note what effect if any this action may have upon Austrian sentiment. Whether the Austrians will appreciate its significance. Whether the people as a whole will dare offer remonstrance against further blood-letting.

It will indicate very clearly, whatever their action, whether it is wise further to temporize with them. And it's a good bet that it will not be.

Experience has rather conclusively proven that whether they be Germans, Austrians or Turks, the enemy must be treated as so many mad dogs. Consideration cannot be shown them with safety. No chances can be taken. They have been utterly ruthless.

In the case of the Austrians it hasn't been so very long since they were trying to bomb Venice from the air. Women and children and old men counted nothing with them then. They would not count now in all probability.

And sooner or later it will sink in upon the Italians as it has upon the others of the allies that we must keep on slugging, straight from the shoulder, with all our might. We must keep hitting, and hitting hard.

In the field the army can be depended upon to do his part. There must be no hesitation with us here at home. We too must get into line. The line that leads to the Liberty Bond Counter.

GOVERNMENT TAKES OVER THE OHIO RIVER EXPANSION PROBLEM

Experts of Railroad Administration
Establish Office in Cincinnati—
Complete Survey Planned.

Through action taken yesterday by G. A. Tomlinson, assistant to National Railroad Director McAdoo, who has full control of inland waterway traffic, the river problems and projects of the Cincinnati district passed under direct control of the United States Government.

A permanent office is to be established at once in Cincinnati, and a survey of the Ohio River and its tributaries made to obtain the most complete information concerning traffic conditions and needs in the Ohio Valley from Pittsburg, Penn., to Cairo, Ill.

Mr. Tomlinson was accompanied to Cincinnati yesterday morning by Harry J. Cross. Both men have been leaders in transportation on the Great Lakes and have been given full authority to proceed with their work on the Ohio River situation.

"We are establishing permanent headquarters here to study river traffic condition on the Ohio River and its tributaries," said Mr. Tomlinson, "and to co-operate in every way possible to develop this line of transportation as conditions may justify."

"Mr. Cross, who will have charge of the Cincinnati office, is a waterways traffic expert from the Great Lakes, and it will be his province to make a thorough study of conditions on the Ohio and its tributaries and to work out plans for betterments, changes and expansions wherever the need of these may develop."

"Mr. Cross will hear complaints on existing transportation, receive suggestions and in other ways co-operate with the interests along the entire river to obtain the most intimate information upon which our department will base its future plans for improvement and changes in the inland waterways system, so far as it applies to the Ohio River and its tributaries."

"We have studied carefully the plans that have been made for river terminals in Cincinnati, and I feel certain the Government will be generous in aiding to bring about extensive improvements in river transportation, if conditions, as Mr. Cross finds them, justify the project."

"One drawback to river transportation on the Ohio River at present is the fact that the lock and dam system, which is to establish a nine-foot stage from Pittsburg to Cairo, is incomplete. There is no continuous chain of dams anywhere along the river."

"Until long hauls are made possible at practically all seasons of the year river transportation cannot hope to compete successfully with the modern railroads."

"In this respect it is easy to see why railroads have outstripped the river so greatly in the matter of traffic. River transportation is being conducted along the original nineteenth century lines, while the railroads are handling traffic in up-to-the-minute twentieth century style."

"When the river interests bring their transportation systems up to date—and the Government will give them every encouragement in doing so—there is certain to be a decided rehabilitation of river traffic. We hope establishment of this permanent office of the Inland Waterways Department of the National Railroad Administration will aid in bringing about this result."

LABELING NET WEIGHT HELPS HOUSEWIVES

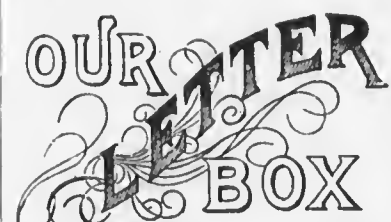

Food and Drugs Act Makes For Full Measure for Food Package.

Washington, D. C., October 5.—The housewife can see at a glance how much food she is to get for her money when it is in package form and labeled in accordance with the provisions of the Federal Food and Drugs Act, say the officials of the Bureau of Chemistry charged with the enforcement of that law. The Federal Food and Drugs Act provides that all food in package form, shipped into interstate or foreign commerce, shall bear on the labels a plain and conspicuous statement of the quantity of the contents of the package in terms of weight, measure, or numerical count.

Federal food inspectors are always on the watch for interstate shipment of food in package form to see that the labels tell the truth with respect to the quantity of food in the packages. Samples of the great variety of foods now put up and sold into interstate commerce in package form are taken by the inspectors. Several samples are taken from each shipment in order that their average weight may be determined. The food in sample packages is carefully weighed or measured, the party responsible for the shipment may be presented under the criminal section of the law.

The Federal Food and Drugs Act does not apply to foods which are sold and consumed within the State where produced or manufactured. It applies to foods that are shipped from one State to another, or to or from a foreign country, or manufactured or sold within the District of Columbia or a Territory. Many States have not weight or measure in package foods produced and sold within the State. The Federal food officials and the State food officials cooperate in the work of enforcing the food laws in order that abuses which can not be reached under one law may be corrected under the other.

The variety and quantity of foods put up and sold in package form has increased rapidly in recent years. Nearly every kind of food may now be bought in can, box, bottle, basket, carton, sack, or other form of package. Canned fruits, vegetables, and meats have long been on the market and can be obtained at all grocery stores. Other foods regularly sold in large quantity in package form are cereals, teas, spices, flavoring extracts, baking powders, syrups, vinegars, jams, jellies, preserves, flour, olive oil, candy, catsup, bakery products, butter, cheese, breakfast foods, fresh fruits and vegetables, and beverages.

Correspondents will please give facts as briefly as possible. When anything of great importance occurs use the telephone or the telephone of our expense.

LARGE SAVING OF TIN AND TIN FOIL.

The Ited Cross of this district has issued circulars urging all of their branch chapters to make an effort to have all of the people save all of the tin and tin foil possible. This will be sold and the proceeds used for Red Cross work. It is more than likely that a drive for tin and tin foil will be made in the near future by many of the Ited Cross chapters of the district.

PLAN NOW TO HEAR THE BIG NAVAL BAND

John Phillip Sousa's Great Lakes Naval Training Station Band Will Be Here For Two Big Concerts Next Tuesday.

After the big Trophy Train tonight the next big event in Maysville will be the visit of the Great Lakes Naval Training Station's band of sixty expert musicians trained by that greatest of band leaders, Lieut. John Phillip Sousa.

This big band, one of the biggest that has ever played in Maysville, will give two free concerts on Market street. The street will be blocked off from Second to Third streets and this space should be filled to overflowing with people not only from Maysville and Mason county but from all over this section of Kentucky and southern Ohio.

This is the band we have been trying to get to Maysville for several months and always heretofore we have been unable to secure them but this time they were promised us early in the season and their engagement here will be kept.

Make arrangements now to attend these two big concerts and hear the speakers who will be traveling with them and will speak in the interest of the Fourth Liberty Loan.

SCHOOL CHILDREN LEARN BOND SONG

The children of the city schools are being taught to sing a Liberty Bond song by the music instructor and in this way the school children too are helping out in the big Liberty Bond campaign which is the big thing before everyone just at this time.

WHAT'S THE REASON?

Many Maysville People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Maysville.

Mrs. W. A. Schatzmann, 605 East Second Street, says: "From the benefit I have received from Doan's Kidney Pills, which I buy at Chandler's Drug Store, I have every reason to recommend them. Whenever my kidneys have been irregular in action or I have suffered from weakness and lameness in the small of my back, I have used Doan's Kidney Pills. They have always proven sufficient to quickly cure and attack."

Mrs. Schatzmann is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS—the same that Mrs. Schatzmann uses—the remedy backed by home testimony. Get all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

PUBLIC SALE

At auction Tuesday, October 8, 1 p. m. on the premises two miles west of Maysville on the Sardis Pike, known as the W. J. Rees farm of three hundred and twenty acres; this farm will be sold in three tracts; Tract No. 1 contains 135 acres with a fine residence and large tobacco barn, stock barn, stable, cow house, ice house, twin cribs, grainery and other small buildings, a fine orchard, all the tracts are well watered. There are five good pools on the farm. Tract No. 2 of 125 acres, warehouse and stock scales, large stock barn, crib and tenant house, about forty acres in woods, most of it has been in blue grass for 25 years. Tract No. 3, 60 acres has a large tobacco barn, crib, tenant house and pond, and a good building sight. Terms will be made known the day of sale. Not one acre that will not raise good tobacco. I will be on the farm October 4, 5, 7, 8, and will show any one the farm that wishes to look at it. Will sell some farming implements and household goods at the same time.

W. J. REES.
HARRIS SPEAKS, Auctioneer.

The local people who attended the educational and patriotic rally held yesterday afternoon at Minerva report a very interesting program. The good people of the Minerva neighborhood have always been leaders in education and patriotism. Their school is this season in charge of a very enthusiastic young instructor whose interest manifest assures the Minerva Consolidated School of a very successful term this year.

Doctors Say: "Take Iron"

For building up weak, nervous, run-down people, doctors prescribe iron. It is the greatest blood purifier and strengthener known and, taken in proper quantities, it builds up the body like nothing else can. But many of the iron preparations before the public contain too little iron; many of them contain 10 to 25 per cent. of alcohol, and alcohol counteracts the efficiency of the iron.

Acid Iron Mineral

Is free from the presence of alcohol. It is obtained from the only natural medicinal iron mineral deposit of its kind known to the world; a pure, natural iron product, free from the drug of the chemist and the "dope" of the pill maker.

In addition to three forms of natural Iron Acid Iron Mineral contains magnesium, potassium, sodium and calcium, medicinal properties which your doctor prescribes for indigestion, dyspepsia, constipation, and many ailments arising from a disordered stomach. As a general tonic it comes closest to the ideal, making rich, pure blood and toning up the system and weak vital organs to normal.

Be sure you get Acid Iron Mineral; ask for it by name. Look for the A-I-M. trade mark. It is your guarantee of a pure, concentrated, efficient, economical iron product. At all reliable druggists or the Ferrodine Chemical Corp., Roanoke, Va., \$1 per bottle prepaid.

COUNTY REPORTS EXPECTED IN OUR BUNCH

Thus far during the week the county precincts have not been reporting very promptly on their Liberty Bond sales but the workers have kept very busy and it is understood that all of the precincts will have very good reports to make. These reports are expected to pour in on the headquarters toward the end of the week and when they are all tabulated there will be quite a boost in the county's total subscription.

If the allies should cut off communications between Berlin and Vienna, Austria would be in the embarrassing position of not knowing what its national policy was.—Cleveland Plain Dealer.

COLORED NEWS

All members of Burns Chapter No. 3, Order of Eastern Star are requested to meet at Bethel Baptist Church Sunday afternoon at 1:30 o'clock to attend the funeral of our deceased sister, Mrs. Elizabeth Yates Hall. MRS. SUDIE COMBS, W. M.

THE fighting slogan in France, gathering inspiration and significance as the conflict grows more violent and more desperate, is "Carry On." On land, on sea, in the air, it rings sharp and clear.

Into the front line trenches comes the signal to charge. The company commander swings "over the top." At his heels, pushing and stumbling through the hell of "No Man's Land," come the boys. They gain a yard, five, ten, and the machine guns speak. The commander falls, but over his shoulder, above the din of battle, he shouts, "Carry On, Lieutenant!" So on and on, till every officer falls, and the grizzled old Sergeant sets his teeth and takes what's left of them on to victory.

"Carry On" must be our slogan here at home. We must "Carry On" to the utmost limit our ability, to the last dollar of our resources, till Victory is won. Let us stand shoulder to shoulder—buy all the Liberty Bonds we can. Let us keep our Bonds and save to buy more.

"Carry On!" Buy Liberty Bonds!

Two SMALL FARMS FOR SALE

We have two good farms for sale belonging to Mr. Green McDonald at Sand Hill Station on the C. & O. R. R. Farm No. 1 contains 120 acres. This farm has a small house, and is all bottom land and very productive. Price \$62.50 per acre.

Farm No. 2—Adjoins farm number one and is up land, and contains 125 acres. The improvements consist of a 5-room house, tobacco barn and usual outbuildings. Price \$100.00 per acre. Here is some very cheap land, and it is priced so it will sell. In our judgment you can't go wrong in buying land that is priced this way.

PUBLIC CONCERT BY CHORUS AT OPERA HOUSE SUNDAY

Mason County Community Chorus Will Give Its Second Public Concert Tomorrow Afternoon and the Entire Public Is Cordially Invited.

The Washington Opera House should be filled to overflowing tomorrow afternoon when the Mason County Community Chorus gives its second public concert of sacred and patriotic airs.

The entire public is invited and there will be no admission charged. The hour for the concert has been fixed at 3 o'clock so as to give the country people an opportunity to attend. Because of the Fuel Administration's Gasolineless Sunday, order all coming from the country will be compelled to use their horses and buggies and for this reason the hour has been fixed at 3 o'clock instead of 2 o'clock, the usual hour for Sunday afternoon programs.

Several splendid soloists will entertain the audience. Miss Lula McClellan, of Middletown, Ohio, who so well pleased those who attended Ruggles Camp meeting this year, will be the pianist and will give several piano solos and whistling solos.

The Community Chorus is the only musical organization in Mason county at this time and it should be given the hearty support of everyone. Come out tomorrow afternoon, hear them sing and you will be a booster. It is almost necessary that some sort of musical organization be maintained in every community and this chorus should be supported strongly by the people of the county. It is not a city organization but a county organization. Many country people have helped with their voices to make the organization a success and the country people should hear them tomorrow. It is hoped that the Gasolineless Sunday order will not seriously affect the coming of a large number of country people.

COUNCIL MEETS ON MONDAY EVENING

The regular monthly meeting of the City Council will be held at the Council Chamber on next Monday evening. This month the time changes and all members of Council and the city officials should remember this and be on time. There is no very important business to come before the body so far as is known yet.

Miss Margaret H. Brown will open a night class in Bookkeeping Monday, October 6th. 2-3t

BUY LIBERTY BONDS

THOUSANDS VIEW GREAT ARMY TROPHY TRAIN AT STATION

One of the Largest Crowds Which Have Gathered Here in Many a Day Crowd Around Trophies Captured From the Huns Displayed Here.

The great Army Trophy train arrived in Maysville on schedule time Friday night and long before its arrival people had begun to arrive in the city to view its load. Several automobiles were parked near the L. & N. station at six o'clock last night and families were eating their lunches from boxes which had been prepared at home. It looked considerably like a picnic for a time.

As soon as the train arrived in the city the word spread like wild fire and soon the space about the depot was crowded. The doors of the train were not thrown open to the public, however, until about seven o'clock and for more than three hours a solid stream of people poured in, and out of the train viewing the various implements of warfare captured from the Huns and samples of some of the war machinery used by the allies.

Because of the very large crowd of eager people waiting to view the train's load of trophies it was necessary for the management to divide the crowd into three parts letting the children in first, the women next and last the men.

Had the train remained in Maysville only the two hours it is spending in most cities along the route all of the people who came here to see the train could not have been accommodated.

All during the time the train was laying at the local station members of the various precinct committees waited on the large crowd in an endeavor to sell more Liberty Bonds and talks were made from the train.

Of interest to the large crowd of people gathered about the train were the three invalid soldiers aboard. One Frenchman, one Canadian and an American. All three men had gone through the wonderful experience of going over the top and although they were not permitted to tell any of their experiences because of the limited time their presence caused a thrill through the large audience.

Approximately \$20,000 worth of bonds were sold during the stay of the train here.

NEW STORE IS OPENED TO THE PUBLIC

Maysville Suit and Dry Goods Company Opens Its Attractive Store—Many Inspect the Store's Splendid Line of Merchandise.

The Maysville Suit and Dry Goods Company opened its new store in Second street to the public this morning and all day there has been a large crowd of shoppers and persons inspecting the store in and out.

The new store is owned by about sixty-five local men and is being managed by Mr. Charles Rosenheim, who prior to this time conducted a clothing store in the same location. The new concern expects to handle the best goods for the lowest price possible at all times and they now have in stock a splendid line of goods such as is seldom found for sale at the price marked.

While this was only opening day and was expected to be a sort of day for inspection, the managers of the store report that up to late this afternoon they have enjoyed a splendid business.

The building has been recently overhauled and the interior of the store is very attractive.

LARGE AMOUNT OF STOCK SHOULD BE OFFERED MONDAY

Farmers Are Assured That Their Stock Will Bring the Highest Market Price on the Maysville Market—Many Expected Here Next Monday.

The committee managing the Maysville Stock Sales say they expect a very large crowd of farmers in the city Monday and a large amount of stock to be offered for sale. Monday is Stocker Cattle day and invitations have been mailed out to a very large number of cattle raisers to bring in a herd for sale Monday.

The committee has done everything within their power to make this sale one of the best the Maysville Stock Yards has yet seen. There will be an expert auctioneer on hand all day to offer at public auction any stock that the farmers might have and a large number of the best buyers in this district have received personal invitations to be on hand for the sale.

One announcement that should bring a large amount of butcher stock to the sales is that the local butchers have agreed to be on hand and to purchase as much stock as they can use if it is the class of stock they need for their trade. This should bring a large number of cattle to the market.

Many of the farmers have finished housing tobacco while others have as much of their crop in the barn as they can get in at this time and it is felt certain that their work will be in such a condition that they can come in with their stock to offer it in this October Stock Sale.

CHAMBER OF COMMERCE CAMPAIGN SOON CLOSES

The intensive campaign for members to the Maysville Chamber of Commerce which has been in progress for the past several weeks will be brought to a close within a few days. It is understood that enough business men have joined the organization to assure it of another year of success but there are yet several who have not signed membership cards who should do so before this campaign is closed.

CHICKEN EXPERT HERE NEXT WEEK

An expert on fowls from the State Agricultural Experiment station will be in Maysville and Mason county the first three days of next week to go over the flocks throughout Mason county for any owners of the pure bred Rhode Island Reds who desire him to do so. During his stay in Maysville the expert will have headquarters at the Chamber of Commerce where anyone can reach him by phone.

LOAN WORKERS MUST SPEED UP TO REACH GOAL

Daily Subscriptions Tabulate Little More Than Half of Rate Schedule.

Washington, October 5.—The nation is marching toward its \$5,000,000,000 Liberty Loan goal at just a little more than half the speed required to maintain a daily subscription rate of \$315,000,000. Bond sales officially tabulated from reports of banks were announced by the treasury last night as \$855,132,900, or an increase of \$229,000,000 in the last twenty-four hours. This represents results for five working days up to last night. At the standard rate of \$315,000,000 a day the record by this time should have been \$1,575,000,000. This method of calculation fails to take into consideration, however, the fact that many subscriptions have not been backed up by payments and consequently are not recognized in the report, and that natural procrastination will cause thousands of citizens to postpone entering pledges until late in the campaign. National headquarters today issued a reminder that only thirteen working days remain before the subscription period ends October 19.

Epidemics of influenza have compelled the abandonment of public loan meetings in scores of cities and has made victims of hundreds of canvassers and speakers, but reports to headquarters today told of the quick change of tactics in many communities by substituting house-to-house canvassing for mass meetings.

Subscriptions and percentages of quotas by districts show Cleveland with subscriptions of \$58,716,350.

Rural districts throughout the west seem to be farther progressed towards their goals than urban, although farming districts have delayed the opening of their campaigns to allow farmers to get pressing work out of the way.

Cleveland district headquarters are swamped with requests for industrial honor pennants from firms more than 75 per cent of whose employees have pledged themselves to buy bonds. More than 1,000 of these requests already have come in. Cincinnati reports it is two days ahead of its schedule. Cincinnati, O., claims a record for having 4,112 subscribers in its 11,000 population.

Mr. Thomas Turnipseed, a member of the Cincinnati police force and Mr. S. L. Turnipseed, Superintendent of the Boys' Industrial School at Lancaster, Ohio, are the guests of their brother, Prof. George H. Turnipseed, and family.

SURVEY OF INDUSTRY OF THIS COUNTY IS TO BE MADE AT ONCE

Industries and Business Concerns of Maysville and Mason County Are To Be Classified as Essential or Non-essential in Near Future.

Mr. Wallace M. Parker, District Organizer of the U. S. Public Service Reserve of the Department of Labor, is spending today in Maysville in interest of getting the local committee organized and ready for work at classifying the industries of the county.

Mr. S. P. Browning, of the Ohio Valley Pulley Works, is Chairman of the County Labor Board for Mason county and Judge H. P. Parnell has been named chairman of the Labor Board committee and will have in their charge the committee which will make a complete survey of all of the business houses and industries of the county listing every one as either essential to winning the war or non-essential.

It is the purpose of the Department of Labor to have a complete list of all of the essential industries in every state in the union and also to have a complete list of all of the non-essential industries.

The business houses and plants will be measured by a scale furnished by the Department of Labor and each and every firm will be listed on one side of the scale or the other.

It is understood that a preliminary survey made some time ago discloses very few non-essential industries in Mason county, however the committee will be compelled to go over the situation very carefully and give a complete report.

CHARLES BROSE DEAD

Mr. Charles E. Brose, formerly of this city, died at his home in Washington, D. C., yesterday morning.

He is survived by his wife, son and daughter.

He was a brother of Mr. W. L. Brose, Mrs. Fannie Campbell and Mrs. Sarah Case. The remains will reach here Sunday afternoon and be taken direct to the cemetery for burial.

For a real good laugh you should go to the Pastime today and see Billie West as Charlie Chaplin in "His Day Out". Also Neal Hart in "Sacked Flats" a big smashing Western drama and Broncho Billy in "The Rustler's Child." Special Monday, Virginia Pearson in "A Daughter of France."

Mrs. H. L. Anderson received a message Saturday announcing the death of Mrs. Daisy M. Saffell, D. G. S., of the Grand Household No. 24 of Kentucky.
